

## Potential LEED credits - 21 Credits

### Sustainable Sites

5 Points

	Credit 5.1	<b>Reduced Site Disturbance: Protect or Restore Open Space</b> Conserve existing natural areas and restore damaged areas to provide habitat and promote biodiversity	1
	Credit 5.2	<b>Reduced Site Disturbance: Development Footprint</b> Conserve existing natural areas to provide habitat and promote biodiversity	1
	Credit 6.1	<b>Storm water Management: Rate and Quality</b> Limit disruption and pollution of natural water by managing runoff	1
	Credit 6.2	<b>Storm water Management: Treatment</b> Limit disruption of water flows by eliminating storm water runoff, increasing filtration and eliminating contaminants	1
	Credit 7.1	<b>Heat Island Effect: Non-Roof</b> Reduce heat islands to minimize impact on microclimate and human and wildlife habitat.	1

### Water Efficiency

3 Points

	Credit 1	<b>Water Efficient Landscaping</b> Limit or eliminate the use of portable water or other natural surface or subsurface water resources for landscape irrigation	1-2
	Credit 2	<b>Innovative Wastewater Technologies</b> Reduce wastewater recharge and portable water demand while increasing local aquifer recharge	1

# Potential LEED credits - 21 Credits

## Materials & Resources

9 Points

	Credit 2	<b>Construction Waste Management</b> Divert construction, demolition, and land clearing debris from landfill disposal.	1-2
	Credit 3	<b>Resource Reuse</b> Reuse building materials and products to reduce demand for virgin material and reduce waste.	1-2
	Credit 4	<b>Recycled Content</b> Increase demand for building materials that incorporate recycled content materials.	1-2
	Credit 5	<b>Regional Materials</b> Increase demand for regional building materials/products, reducing impact for transportation	1-2
	Credit 6	<b>Rapidly Renewable Materials</b> Reduce the depletion of finite raw materials and long cycle renewable materials	1

## Innovation & Design

4 Points

	Credit 1	<b>Innovation in Design</b> Up to four bonus credit for exceptional performance above the LEED Green Building Rating System	4
